Saved By Shoes

Doctors credit rubber-soled shoes with preventing the electrocution of these London, Ont., brothers, who tangled with a 1,500-volt line while playing on a railway car. John Siegfried (right) grabbed the line. Michael, 8, attempted to free him and also received the full charge. The boys were treated for burns in hospital.

"I ran into Mabel Jones today—She got a car in the Want Ads too!"

Promising Young Pitcher Signs On For Professional Baseball

Carolina. He will be pitching in Class "D" Professional Baseball. He is to report for spring training in March or April.

Orville attended the training school in Florida for a month last year and showed such promise that he was invited back for a second term of eight weeks this year. He said the training was rigorous, the boys all under 20 years of age, spending 2½-3 hours workout each morning and again in the afternoons from 3½-4 hours six days a week. Night games are played under lights, in Connie Mack Stadium.

Of the 26 boys attending the camp, only one other boy besides Orville was given a contract. Four of the rookies were from Saskatchewan, the others all from the U.S.

Orville's immediate plans are to attend Alberta College this Fall since he completed grade 12 at Dr. Swift High school this year. His future plans include baseball in the summers and college in the winter, majoring in Phys. Ed.

His friends are proud of the showing he made at the baseball camp this year and wish him continued success in the years to come

There are barrels of babies in the world but now there's a baby in a barrel. This came about after Peter Vlieg of Toronto noticed a barrel at his office, so he took it home, cut it in half, sanded and laquered it and nailed two rockers made from wood to the bottom. Now Annette Vlieg above sleeps in her new cradle.

All Pupils, Grades One to Twelve To Report To Schools September 4

All pupils, grades one to 12 inclusive, will report to their schools at 1:30 p.m. on Tuesday, September.

Teachers will report for duty to their respective schools at nine o'clock on Tuesday, September 4.

For the first time since 1946 no new schools will be opening this September, but 50 additional classrooms will be in operation. Three new additions will be put into use: Avonmore Elementary-Junior High at 7835 - 76 Avenue; Wellington Junior High at 13160 - 127 Street; and the new wing at Queen Elizabeth Composite High School, 9425 - 132 Ave.

School boundaries have in some cases been altered to provide for increasing enrolments because of new housing developments or new areas which have been added to the city. Parents may obtain further information by telephoning GArden 4-8021 and asking for "School Boundaries." All boundaries are tentative until registration of pupils has been completed. Some adjustments may then be necessary.

Special bus service has been arranged for pupils living in the semi-rural areas in the north-east and south-west sections of the city. These special school buses are operated by the Edmonton Transit System. Information concerning routes in being distributed by the ETS to homes in the above areas. On the opening day of school the buses will operate at noon instead of in the morning.

Grade one beginners who will be six years of age on or before December 31, 1962, may register on September 4.

High school students who have not already registered are requested to do so at their respective schools on or before Friday, August 31.

Approximately 50,000 pupils are expected to register; more than 5,000 of these will be grade one beginners. About 2,000 teachers will be on the staff.

Students of this age readily admit that a coeducational school offers certain advantages.

RCAF Combines Training, Camp Operations At Station Namao

Some high school students earn clothing money during vacations, some have a change of environment and others continue studying, but for 125 students of metropolitan Edmonton all three of these ventures have been possible this summer. As members of the RCAF Auxiliary, the students have received intensive training for two months at RCAF Station Namao where they will hold a graduation parade on a Sunday afternoon.

The largest group of trainees in Canada operating under the RCAF auxiliary trades training summer camp program, the local students have the distinction of being the only group to have trainees living as airmen on an RCAF unit. Fifty-four first-year male trainees are living in barracks at Namao. Eleven airwomen live at home as do 60 second-year trainees. The airmen are 16 years of age or older while the girls are not enrolled until they reach their eighteenth birthdays.

Trainees are divided into two groups; mechanical and clerical trademen. First-year students have been given drill and disciplinary training as well as trades training. Enlisted as Aircraftmen Second Class, first-year students receive full clothing and pay of $108.00 per month. Trainees are permitted to draw only $25.00 at each pay parade so that they have a 'nest egg' of approximately $150 at the end of the summer. The airwomen living at home are given subsistence allowance of $65 per month.

About half of the first-year trainees have been trained as mechanics (Air) taking training in aero-engines, instruments, electrical systems, airframes and safety equipment. The clerical group has been taught supply and accounting procedures, typing and other office duties. The most popular item on the syllabus of training for first-year students was a familiarization flight in a C119 'Flying Boxer.'

Second-year airmen and airwomen have spent a year with 418 (Aux) 'City of Edmonton' Squadron. They joined 18 Wing (Aux) Summer Camp at Trenton, Ontario, during the last two weeks of July for practical training and have been receiving advanced instruction in their trades at the Technical Training Unit (TTU). Most of the second-year students have attained the classification of Aircraftman First Class, Group 1, which enables them to earn $192.00 per month, including the living-out allowance.

A full recreational program has been conducted at the TTU including instructional swimming in which students qualify for Red Cross swimming certificates.

The ninth annual camp here is under the direction of Squadron Leader Ian M. Nicholl, Commanding Officer 3054 Technical Training Unit. He is assisted by Squadron Leader S. E. "Betty" Murray, Personnel Administrative Officer. Six Regular Force airmen serve as instructors. Squadron Leader Murray is the first female officer of the RCAF Auxiliary to achieve senior officer rank.

The parents and distinguished visitors have been invited to Sunday's graduation parade at which Group Captain W. K. Carr, Commanding Officer, RCAF Station Namao, will take the salute. His Worship Mayor Elmer E. Roper will head a group of government, high school superintendents and high school principals who have been invited.

Following Sunday's parade, those students who have been trained as mechanics (Air) will be posted to 418 (Aux) Squadron where they will assist in aircraft maintenance throughout the year. The clerks will be posted for service in the various units of 18 Wing (Aux). The auxiliary units parade on Thursday evenings and Sunday afternoons beginning Thursday, September 6.

Lord's Day Violator Is Fined $50 In Edmonton Police Court

The minimum fine of $50 was levied by Magistrate F. W. Barclay in Edmonton city police court Tuesday of last week against S. Grosso Motors Ltd. for a violation of the Lord's Day Act.

Magistrate Barclay found the company guilty of employing a workman to paint a car on Sunday, May 27. A resident near the garage complained to police about paint fumes.

Painter Leonard Shewchuk received instructions from his father, the manager, on the previous Friday to paint the car by Monday but couudn't begin until the body work has been completed Saturday.

Although he was not told when to paint, Magistrate Barclay said it must have been obvious it would have to be done on Sunday because the paint required 12 to 20 hours to dry before another coat was put on "unless he wanted it to look like the outside of an Indian wigwam."

Crown Prosecutor Norman Hewitt said outside the court it might be advisable for an employer to tell his employees not to work on Sunday to prevent them from coming to work on their own.

Ardrossan To Act As Hosts To Provincial Ball Finals

On September 2 and 3, Ardrossan will host the Provincial finals with teams from Central and Southern Alberta competing. The first game will start at 1 p.m. Sunday with Ardrossan playing the winner of the Central Zone. Three games will be played on Sunday with two more on Monday.

The Northern Alberta Intermediate 'B' Fastball finals were held at Ardrossan on August 18 with teams from Looma, Spruce Grove and Ardrossan competing. These teams represented the winners of earlier playoffs held throughout Northern Alberta which started with an entry of fifteen teams.

In the playoff Looma was defeated twice by Spruce Grove, Ardrossan lost one game to Loma, and Ardrossan won two games over Spruce Brove to win the trophy.

Publicity Increases Tourist Interest

Mayor Elmer Roper said recently the increased tourist interest in Edmonton is largely the result of more widespread advertising over the past three years.

The mayor said there were 73-thousand calls at the city, provincial and Alberta Motor Association Tourist Bureau up to the end of August, an increase of nearly 30 per cent over last year. The enquiries at the city tourist bureau were almost double the number a year ago.

The mayor also said there have been nearly 13-thousand replies in response to coupon-advertising in such magazines as Ladies' Home Journal, Redbook, National Geographic and Chatelaine.

The test of your advertising, Mr. Merchant, is the business it brings to you, not what an advertising man might say it will bring.

Construction Begins On New Rink

Features Of New Structure To Be Articial Ice And Heated Surface

MANNVILLE — Construction has already begun on new curling rink in Mannville, which will be located just west of the present skating rink.

The new rink will house three sheets of artificial ice, a large waiting room, kitchen facilities and wash rooms on the main floor, while the observation gallery will be on the second floor.

One of the features of this rink will be a heated ice surface.

These heaters will be placed in the ice area, thus enabling the curling program to continue during the coldest weather, instead of having to be postponed as has been the case in the past.

The construction contractor of this rink is Tory Arena Construction of Wainwright with a considerable amount of volunteer help being supplied by local curling enthusiasts.

Building Committee members are Ken Scoggins, Len Manz, Ed Maiers, Jack Persinger, Frank Ewing, Fred Watling, Frank McLaughlin and Charlie Blackford.

MR. AND MRS. LEONARD KOHN

Lillian Zaharia, Leonard Kohn Wed In Double-Ring Ceremony

MANNVILLE — At a recent double-ring wedding ceremony conducted by the Rev. H. Shell in Christ Church, Mannville, Miss Lillian Natalka Zaharia, daughter of Mr. and Mrs. George Zaharia became the bride of Mr. Leonard Kohn, son of Mr. and Mrs. Sol Kohn.

Baskets of red and white peonies at the altar formed an attractive setting for this ceremony.

For her wedding, the bride chose a floor-length gown of white silk organza, with lily-point sleeves and bouffant skirt. A double-tiered lace veil misted from a pearl and crystal tiara, and she carried a bouquet of red roses on ivy. Her jewelry was a dainty heart locket, gift of the groom.

Miss Elizabeth Dach and Miss Bernice Proskurniak attended the bride, and Miss Georgina Zaharia sister of the bride, was junior bridesmaid. They wore chiffon dresses with matching picture hats in aqua and carried white and aqua rosebud bouquets.

The groom's attendants were Mr. George Zaharia, brother of the bride, and Mr. Henry Kohn, brother of the groom. Guests were ushered by Mr. Ronald Tipper.

At a reception in the Orange Hall in Mannville, Mr. Mike Chomik, uncle of the bride, proposed the bridal toast.

For a honeymoon trip to the Seattle World's Fair, via Vancouver and Victoria, the bride wore a pastal orange ensemble, with white accessories.

Mr. and Mrs. Kohn will reside in Vermilion.

Addition And Renovation Planned For Grand Centre Town Office

GRAND CENTRE — A contract was recently awarded to Tony Construction of Grand Centre for the building of an addition to the present town office building. This contract also consists of renovating the present arrangements.

Tony's Construction bid of $3,369.57 won out over one other bid. A plumbing contract was also given to Ray Rollinson on a bid of $475. Rollinson Plumbing was given the contract over three other local tenders.

The renovation will consist of converting the present office of the secretary-treasurer into a police station, made up of an office and three cells. The present council chambers will thus become the secretary-treasurer's office and the addition will house the council chambers and courtroom.

Work on this improvement is expected to commence very shortly.

Nations, like individuals, must stand for honor, fair play and law.

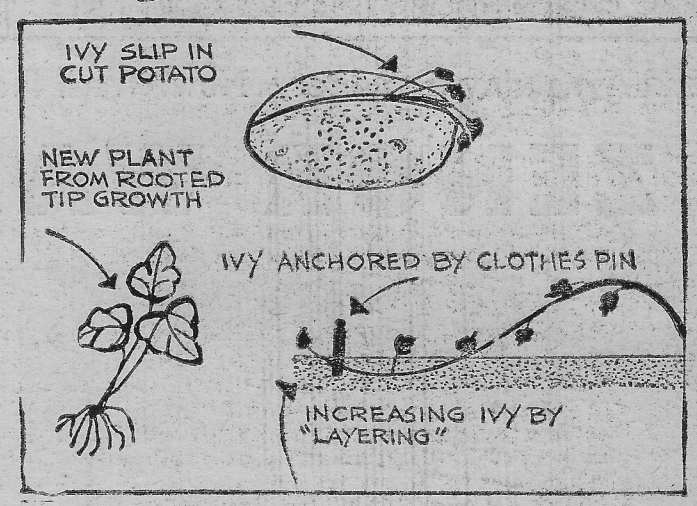
Garden Graph



Increasing Ivy for Indoors or Out

Ever reliable ivy has many uses. There are several ways in which it can be propagated, by cutting and by layering.

Ivy will root at any season of the year. It can easily be rooted in the house in water. Shown in the accompanying Garden-Graph is a new plant ready to be potted, which has easily rooted from a tip growth clipped from the parent plant.

Shown is the simple way of layering ivy. Cover a section of vine close to the tip end with sand or loose, friable soil and keep it moist. It is advisable to hold the branch in position with a clothes pin. After the stem is rooted it can be cut off, or divided (depending on the root growth) and planted.

Many gardeners make collections of ivies for house and garden use. Shown is a handy method of collecting slips of new ivies, seen when travelling.

Cut a potato in half and place the ivy cutting inside. Wrap the halves of the potato together in a piece of waxed paper and place it in your traveling case. When you get home, plant the ivy cutting as usual. Ivy has been successfully carried from Europe to this country this way.

The Baltica variety of ivy (Hedera helix gracilis) is hardier than the widely known English ivy (Hedera helix).

Rights, Justice League Forerunner Of New Party, Says Premier

Premier Manning said last week the Alberta Mineral Rights and Justice League is the forerunner of a new political party.

Members of the League have been picketting the offices of the government's Oil and Gas Conservation Board in Calgary to back up demands for what they call a fair deal for land owners in oil field areas.

The premier termed the picketting a deliberate, planned step to get publicity. It will be followed by an intensified smear campaign against the provincial government, then the league will come out as a political party. The premier also said the promotors of the league are living off memberships and exploiting the surface owners for their own benefit.

Premier Manning said the League's demand for a five per cent royalty for surface owners is completely unfair to the rest of the public and is contrary to the basic conception that the mineral rights belong to all the people of the province.

The premier said any farmers who have a complaint about oil company operations can approach the conservation board or the department of mines and minerals. The so-called League, he said, is totally unnecessary and serves no useful purpose.

MR. AND MRS. MARCOTTE

Mr., Mrs. A. Marcotte Honored On Golden Wedding Anniversary

BONNYVILLE — An impressive ceremony, made up of a solemn mass and an eloquent sermon by Father G. Lassonde in the St. Louis parish church, commemorated the golden wedding anniversary of Mr. and Mrs. Aime Marcotte on Sunday, August 19. The couple are also among the first pioneers of the Bonnyville district and celebrated their arrival here at Bonnyville's golden jubilee five years ago.

Parish Priest Father Lassonde sang the mass and was assisted by Father Georges Durocher of St. John College in Edmonton and Father Bugeaud of Falher. The latter is the brother of Dr. Bugeaud of Bonnyville.

Attending the ceremony were all of the five daughters and three sons of the celebrants, including Jean and Clement who came all the way from Ottawa. The remainder of the family, Guy, Georgette and Mrs. F. Gagnon, are living in Bonnyville; Mrs. H. Duckett came from Cold Lake, Mrs. C. Tessier from St. Paul & Mrs. G.Maisonneuve from Falher. Also from out-of-town were Mr. and Mrs. Brosseau of Morinville.

A banquet was held in the Bonnyville School gymnasium and was served by the Ladies of Ste. Anne, of which Mrs. Marcotte has long been a member. Messages of congratulations and well-wishes were read to the couple and these were received from Pope John 23, from His Excellency P. Lussier, Bishop of St. Paul, Father G. Chevrier, former parish priest of Bonnyville, Premier E. C. Manning, Athabasca MP Mr. Jack Bigg, Mr. J. M. Dechene, Mr. R. Lamothe, MLA, and Mayor V. E. Justik.

Mr. Gerard Maisonneuve was the master of ceremonies. One hundred guests attended the banquet and saw the presentation of a bouquet of roses and a purse, from the family and friends. The bouquet of roses was presented to the couple by their granddaughter, Miss Jeannine Tessier, and the Papal scroll was offered by Lise Maisonneuve, another granddaughter, and still another grand-daughter, Miss Duckett, gave the purse.

The toast to the jubilants was given by Father Durocher, a native of this parish and professor at St. John's College. Fine addresses were delivered by Father Lassonde, Dr. J. P. Bugeaud and Mr. Maisonneuve. The banquet then terminated with singing and musical renditions after which the party moved on to the home of the couple.

Construction, $160,700; Forest Construction, $106,594; McRae and Associates, $112,400; and Sturgeon Construction, $106,500.

The latter, Sturgeon Construction, being the lowest bidder, was awarded the contract. The architect, A. All four students will be entering grade twelve at Bonnyville High Schools in September. High scholastic standing especially in the realm of Social Studies was a factor in the choice of students for these courses.

The Bonnyville School District and the Chamber of Commerce helped to defray the expenses of the three Bonnyville High School students and Miss Mack was sponsored by the Students' Union of Duclos High School and the Chamber of Commerce.

The picture of Lynne Marriott will appear in this paper soon.

Joyce Galichowsky, John Horon Wed In Ceremony At Vegreville

TWO HILLS: Rev. C. Hickman of Vegreville United Church conducted a double-ring wedding recently for Miss Joyce Galichowsky and Mr. John Orest Horon.

The bride is the daughter of Mr. and Mrs. Andrew Galichowsky and the groom's parents are Mr. and Mrs. John Horon all of Two Hills.

For her wedding the bride chose a floor length gown of nylon edged with Chantilly lace, with a Chantilly lace bodice strewn with sequins and pearls; and lily point sleeves. A compementary crystal crown held the nylon net bouffant veil, and cultured pearl necklace and earrings were the accessories worn. She carried American Beauty roses.

Mrs. Mary Saik, sister of the groom, was matron-of-honor, and bridesmaids were Miss Evelyn Dutchak, Miss Shirley Rybak, Miss Diane Shulka. Mrs. Saik wore a blue slik embroidered dress and bollero with a white flower head-piece, white accessories and a corsage of pink roses. The bridesmaids wore identical white chiffon dresses with lace boleros, matching gloves and white accessories. Their head-pieces of blue chiffon were held with a flower matching the blue roses accented at waist and shoulder.

Wilma Ewanishan, flower girl and niece of the groom, was charming in a white chiffon dress and blue head-piece. She carried a basket of white and blue flowers.

The groom's nephew, Eugene Demytriw, was ring-bearer. Mr. Mike Rybak was best man. Mr. Ray Horon, Mr. Peter Horon, Mr. Bob Warawa and Mr. Victor Koreba were the ushers.

The mothers of the bride and groom wore identical blue lace dresses, white flowered hats and corsages of red roses.

The reception was held at the Two Hills Elks hall. Tables were decorated with pink carnations and the main table was centered by a three-tier wedding cake decorated with three wedding bells for the top. The toast to the bride was given by Mr. Mike Rybak.

For her honeymoon to Banff, Vancouver and the northewestern States the bride wore a white wool suit with green accessories and corsage of red roses.

The couple will reside in the Two Hills district.

Softball Playoffs Plot Thickens

BONNYVILLE — The Ladies' Softball League playoffs are reaching a tense point between Pete Kushnir's Bonnyville Tigers and the Cold Lake Battlers. Three games have been played so far in the best-of-five affair and if the trend continues, the homestanding team may turn out to be second-best. All victories have been taken by the visitors with the Tigers holding a 2-1 edge.

The first game of the set was played in the Laketown and the hosts bowed to their visitors 10-7. In Bonnyville, the Tigers showed even more hospitality by giving away an 8-1 verdict. Back in Cold Lake on Thursday, August 23, the hometowners jumped to an early 4-0 lead, but let their guests rally back with six of their own and hang on for a 6-5 sqeaker.

The next match was scheduled for Tuesday night in Bonnyville, and in the meantime, Coach Pete is hoping to gather enough of his Bengals for a skirmish and warm-up at the Vermilion tournament.

Mannville Public Library Stages Tag Day Sept. 1

MANNVILLE — The local public library staged a Tay Day on Saturday, Sept. 1.

The generous support of the public in general was asked, for this event as the Library does not have many money-making opportunities, and the amount of money realized by the Library, is matched, dollar for dollar, by the government to be used to keep the usual supply of good books on the shelves of the local Library.

Former Teacher Renews Friendships

EASTBOURNE — Mr. and Mrs Sverre Malmoe of New Norway accompanied by some friends, Mr. and Mrs. Dick Schell and son Eddie of Willingdon, visited with old friends of this district on a recent weekend.

Mr. Malmoe was a teacher at the Rife school over 30 years ago, and enjoyed visiting some of his pupils again.

The Malmoes and Schells enjoyed a Sunday dinner at the home of one of his pupils, Jarles Armagost and family.

TALKED TOO MUCH

As the policeman helped the bruised man up from the pavement in front of the bar, he said: "Can you describe the man who hit you?"

"That's what I was doing," was the answer, "when he hit me."

Shirley Gauthier, Paul Gervais Exchange Vows At St. Isidore's

St. Isidore's Church, Plamondon, was the setting for a pretty August wedding when Miss Shirley Gauthier, daughter of Mr. and Mrs. Orvilla Gauthier, exchanged vows with Mr. Paul Gervais, son of Mrs. Leo Schaub and the late Mr. Lucien Gervais, all of Plamondon.

The ceremony was performed by Rev. R. Morin.

Wedding music was played by Mrs. John Genoud.

Given in marriage by her father, the bride was lovely in a floor-length gown of net and lace over taffeta. Her chapel-length veil was held in place by a beautiful organza rosette and she carried a bouquet of red roses.

Bridesmaids were Miss Dianne Beaudry, Miss Rae Cadieux and Miss Muriel St. Jean. They wore similarly styled dresses of green, mauve and yellow respectively, and carried matching bouquets.

The best men were Mr. Fred Gervais, Mr. Aldege Gauthier and Mr. Reed Gauthier.

For her daughter's wedding Mrs. Gauthier chose a two-piece green brocaded dress with white accessories and pink corsage.

For her son's wedding Mrs. Schaub wore a royal blue dress with a pink corsage and white accessories.

Following the ceremony a reception was held at the home of the bride's parents.

Mr. and Mrs. Paul Gervais will make their home at Plamondon.

Ellscott

Mrs. Mary Coughlin attended the meeting of Home and School Regional Supervisors held at Red Deer recently.

A final game for the season was played between ballteams from Newbrook and Ellscott on Sunday August 26 at Newbrook.

Normandeau

Mr. and Mrs. Albert Berube formerly of Normandeau, now residing at Beaumont were recent visitors here.

Mr. and Mrs. Lucien Hebert and daughter Annette of Fort Kent were visitors at the home of Mr. and Mrs. Joe Lessard and family.

Mrs. Jack Parent and children Denise and Henry of Lac la Biche spent a few days at the home of Mr. and Mrs. Eugene Turgeon.

Some of the district farmers have started swathing their wheat.

A few lynx have been seen in the district.

Norbert Dechaine of St. Lina is employed at the home of Mr. and Mrs. Louis Turgeon and family Albert Lessard, youngest son of Mr. and Mrs. Joe Lessard underwent surgery in the St. Catherine's Hospital recently. A speedy recovery is wished by all.

Silver Valley

The unsettled weather of the pas weeks has not improved the crop prospects of this area. There has been some lodging in the heavier stands and ripening has been slowed greatly. A number of reports have come in of fields softening under the unusually heavy rainfall.

Some swathing of early barley crops was done before the start of the unsettled spell and this grain is still lying unthreshed in the fields.

Mr. and Mrs. C. Knoot and family were absent for a week on a motor trip through British Columbia.

Leonard Lofgren started the harvest season by combining some early barley.

With the beginning of the fall school term, some have expressed disappointment in the fact that the market road has not yet received a gravel treatment to improve driving conditions for the local school bus.

A meeting of the Community Club's Ladies' Auxiliary scheduled for Tuesday of last week was postponed because of bad weather and wet roads. It was held on the following Friday, with a good turnout.

Claude Fox suffered a painful accident when a bolt, supporting the seat of the tractor he was operating, broke. He was thrown backwards and the heavy seat fell on his face, slashing him severely. A number of stitches were required to close the wound. He also suffered the loss of a number of teeth in the accident.

Wes Way of Groundbirch, B.C., is in the district with son Dan to begin the harvest of his crop here. Assisting him is Gordon Jensen, formerly a resident of this area but now residing in Groundbirch.

An informal get-together took place on the evening of Sunday, August 26, when some 40 neighbors gathered at the home of J. W. Morrison to extend a welcome to Mrs. Morrison, who arrived lately from Okotoks, in southern Alberta. The ladies provided a lunch and coffee.

Colin Campbell, forest ranger in the Spirit River area, has presented a number of fine films on conservation on alternate Thursday evenings in the Community Hall. These have been well-attended and are much appreciated by the viewers.

Damage of crops by bears has been reported by several farmers in the district. There is an unusually large population of the big animals in this area this season, and some hunting has to be done to prevent their devastating inroads on the crops of grain. A number have already fallen to the bullets of irate farmers.

This might be a wonderful world, with millions of nice people, if men and women would mind their own business.
